

## Linear Stained Glass Window

For my linear stained glass window, I decided to be a little more abstract and start with a diamond-like shape. For the colors, I wanted to do something basic but that has a lot of meaning behind it. That's why I chose lime green, black, yellow, and blue. The yellow and green represent light and happiness and the black and blue represent dark and sadness. Everybody goes through rough patches in life but it's how they come back from those patches that matters.

Linear equations:

1.  $y = -\frac{3}{2}x + 17$
2.  $y = 2x + 10$
3.  $y = 2x + 3$
4.  $y = 1x + 2$
5.  $y = -1x + 2$
6.  $y = -1x - 1$
7.  $y = 1x - 12$
8.  $y = -1x - 5$
9.  $y = -\frac{3}{2}x - 5$
10.  $y = 1x + 2$
11.  $y = 1x + 10$
